ANALYSIS OF TEACHERS FEEDBACK ON CURRICULUM Department of Computer Science

Academic Year 2020-21

The Computer science department has taken the teacher's feedback on the curriculum based on the structured questionnaires. The discussion is carried out about the current syllabus and their opinions and suggestions are recorded.

After the analysis of the feedback, it is noted that near about 70 % of teachers expressed their opinion that the current curriculum is adequate for the overall development of students and it will help students to stand in the industry on different platforms.

Teachers have suggested for introduction of Lab Books for various practical subjects, Conduction of the program for discussion on the practical implementation of recent technologies, and guidelines for implementation of projects.

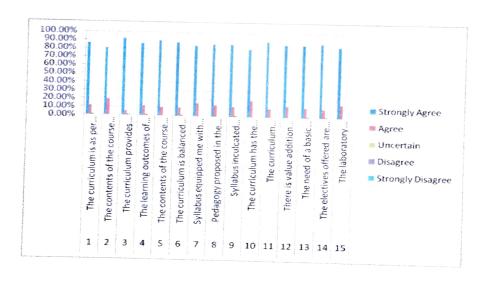

The following parameters are considered for teachers' feedback on the curriculum. The ranking is done as per the following scales from 1 to 5.

(1- Strongly agree, 2- Agree, 3- Uncertain, 4- Disagree, 5- Strongly disagree)
